7th October 2009

GAZPROM MARKETING & TRADING LIMITED and ENOVOS LUXEMBOURG S.A. today announced the signing of a Memorandum of Understanding to study the feasibility of a tolling partnership in a 450MW combined cycle power station at Eisenhüttenstadt in Germany. Enovos plans to build and own the plant, aiming for the start of operations by 2013. Under the proposed tolling partnership, Gazprom would buy the long-term capacity of the plant for gas tolling and would sell power to Enovos under a long-term contract. Initial studies will be completed early next year, when Enovos aims to start detailed project development.
